# Maria Eduarda Rodrigues

**BI Analyst | SQL • BigQuery • Power BI • Python | Credit & Analytics**

São Paulo, Brazil | marodriguess412@gmail.com | linkedin.com/in/marodrigu3s | github.com/marodrigues412

## SUMMARY

Junior BI Analyst at C6 Bank (Credit & Analytics) and Computer Science student at Instituto Mauá de Tecnologia. Experienced in building data pipelines and monitoring dashboards for credit products (Credit Card, Personal Loans and Overdraft), with deliverables used by directors and senior leadership. Works with SQL, Google BigQuery, Databricks, Power BI and Python, and applies generative AI to automation, forecasting and analysis.

## EXPERIENCE

**Junior BI Analyst** | C6 Bank — Credit & Analytics — May 2026 – Present

- Own the MIS processes for **Credit Card, Personal Loans and Overdraft**: daily portfolio and onboarding reports, product one-pagers, market monitoring and TPV tracking.
- Develop **forecasts** and analytical studies, such as a customer **main-bank analysis** to support primary-banking strategies.
- Use **generative AI (Claude)** and **Python (pandas, Jupyter)** for routine automation, exploratory analysis, forecasting and content generation.

**BI Intern** | C6 Bank — Credit & Analytics — Mar 2025 – Apr 2026

- Helped build the **Overdraft** monitoring from scratch alongside a senior analyst, then took ownership independently, developing new KPIs and segmentations.
- Built **3 official data cubes** (One-Pager and daily/monthly portfolio and onboarding views) in SQL/BigQuery and Power BI, covering portfolio, utilization, balance, delinquency and profitability, with portfolio and vintage views.
- Deliverables used by Credit Policy, department heads and directors, and **presented to senior leadership**.

**BI / Data Analysis Intern** | Codako — Aug 2024 – Mar 2025

- Restructured **10+ management reports**, rebuilding data processing and modeling in **Databricks (SQL and PySpark)**.
- Redesigned **Power BI** dashboards with a focus on usability, making analyses faster, more reliable and more intuitive for decision-making.

**Technology Lead / Junior Consultant** | Mauá Júnior — Sep 2023 – Jun 2024

- Led the Technology team (Jan–Jun 2024), managing deliveries and client communication; previously, as a consultant, built websites and dashboards for real client projects.

## PROJECTS

**Ampara — Women's safety app (Capstone)** | Instituto Mauá de Tecnologia — Feb 2026 – Present

- Mobile app that accompanies the user and, when it detects something may be wrong, **automatically alerts her trusted contacts**, without her having to open the app or press any button.
- Built in a team of two and **presented at Eureka 2026**, with strong public interest • ampara.info

**Automated Construction Monitoring** | Integrated Project — IMT — Aug 2025 – Nov 2025

- Solution for monitoring infrastructure construction combining **computer vision, BIM modeling and digital analysis**, built as a team with faculty mentorship.

## EDUCATION

**B.Sc. in Computer Science** | Instituto Mauá de Tecnologia — Feb 2023 – Dec 2026 (expected)

- Class Representative (2023 – present) and Teaching Assistant (2024), leading support classes.

## SKILLS

**Data & BI:** SQL, Google BigQuery, Databricks, PySpark, Power BI (data modeling, Power Query, DAX), advanced Excel

**Analytics:** KPIs, portfolio and vintage analysis, forecasting, exploratory analysis, data visualization

**Programming & AI:** Python (pandas, Jupyter), generative AI (Claude, AWS), TypeScript, React, MongoDB, Git

**Languages:** Portuguese (native), English (fluent)

## CERTIFICATIONS

**AWS Academy:** Generative AI Foundations • Cloud Web Application Builder • Microservices & CI/CD Pipeline Builder (2026)

**Other:** Complete SQL with Google BigQuery (Udemy, 2025) • Introduction to Data Science (IMT, 2025) • Java Programming Learner (Oracle)
